SAGE Design-Build finishes insurance company work

SAGE Design-Build, Inc. of Allentown, has recently completed the construction and renovation of the Patrick McNealis Insurance and Financial Group, located in Emmaus.

Patrick McNealis needed more space for his rapidly expanding business. When he found the perfect spot to match his needs, he was put in touch with SAGE Design-Build, Inc. to turn a former dental office into an insurance and financial agency. McNealis, president of Patrick McNeails Insurance and Financial Group, said his company philosophy of creating partnerships with clients matched that of SAGE Design-Build.
