Meet LVB's 2023 Power List for Construction and Real Estate

LVB Staff//October 9, 2023

The Lehigh Valley has been growing by leaps and bounds and the people honored on this Construction and Real Estate Power List are the engines that drive this growth. They are the leaders, movers and shakers for companies that provide the means to buy, sell and build the houses, apartments, businesses and warehouses that make the Lehigh Valley a vibrant region. We have asked them to introduce themselves and share something personal. We hope you enjoy getting to know them.
